

Dual-Monarchy Quits War

AUSTRIAN PEACE TERMS STRIP HER OF POWER

Washington, Nov. 4.—As made public by the state department today, the terms stripping Austria-Hungary of her last shred of military power, provided for total demobilization including withdrawal of Austria-Hungarian troops from the western front—for surrender of one-half of her divisional requirements, corps and army artillery and equipment—for withdrawal from all invaded territory—for allied occupation of strategic points in Austria-Hungary—for surrender of the stipulated number of submarines, battleships, cruisers, etc.—for United States-Allied supervision of the balance of her fleet and for United States-Allied occupation of the big Austrian naval base at Pola. These terms and others put an iron-clad on Austria.

From them may be deducted the nature of terms to be meted out to German it was stated authoritatively today.

Briefly, the terms embrace: Cessation of hostilities, demobilization of her army, delivering to the allies of half of her artillery and equipment, evacuation of all invaded territory, use by the allies of roads, railways and waterways in Austria-Hungary, immediate return of all allied prisoners, the surrender of a stipulated number of submarines and other war vessels, with allied supervision of the balance of her fleet, opening of the Adriatic sea and Danube to the allies, allied occupation of Danube forts and the Pola naval base, and concentration of all air craft at designated points.

FOOD BLOCKADE IS DECIDED BY HUNGARIANS

Geneva, Nov. 4.—The Hungarians have declared a food blockade against Germany in an effort to hasten peace, it was reported in dispatches received here today.

All railway and boat traffic to Germany has been stopped. The Berlin National Tidderde says the blockade holds up twenty thousand tons of food stuffs, large quantities of petrol and prevents the return of two German divisions.

A dispatch from Vienna says that German soldiers and sailors passing through Laibach, have been disarmed.

AUSTRIAN EMPEROR WILL RESIDE IN SWITZERLAND

Copenhagen, Nov. 4.—Emperor Karl has informed the members of his cabinet and party leaders that he intends to abdicate and reside in Switzerland, says a Vienna despatch to the Tageblatt.

Count Karolyi's cabinet has decided to submit the question of a Hungarian republic to a referendum, it is reported.

THE LONGER GERMANY FIGHTS THE MORE SEVERE WILL BE PEACE TERMS

London, Nov. 4.—(British Admiralty Wireless)—Specific penalty for every day the war is prolonged after the allies submit the armistice terms to Germany, with consequences definitely worse for enemy if she fails to recognize the armistice as an ultimatum, is the explanation of the Sunday Observer, as a means of letting Germany know there never will be abatement of the severity of the present allied terms.

"A continuance of war on Germany's sole initiative, already responsible for four years' inconceivable horrors, cannot be tolerated," says the Observer. "The time has come to force the issue by diplomatic as well as military means."
"Now the main enemy is isolated and hopeless must be tempted to throw the belve after the hatchet and play blindly for some supposed chance of better terms. The time has come to speak plainly to Germany. Allies and

RICHEST WOMAN IN WORLD DIES SUDDENLY

New York, Nov. 4.—Mrs. Russell Sage, widow of the famous financier and reputed to be the wealthiest woman in the world, died suddenly at her home here today.

Death is said to have been caused by ailments incident to old age. Mrs. Sage was 90 years of age.

Mrs. Sage's fortune is estimated to be valued at from seventy-five to a hundred million dollars, principally invested in railroad and financial enterprises.

Widespread interest centers on the provisions of the will of Mrs. Sage. She leaves no children, her nearest relatives being nephews and nieces.

Mrs. Sage, who was Margaret Olivia Slocum, was born in Syracuse, N. Y., in 1828. She was a descendant on her paternal side, from Captain Miles Standish. She became the second wife of Russell Sage in 1869.

Her largest single gift for philanthropic purposes, was \$10,000,000 set aside as the "Sage Foundation," to improve the social and living conditions in the United States.

THE LONGER GERMANY FIGHTS THE MORE SEVERE WILL BE PEACE TERMS

America must speak at last as masters. "To permit this war to continue for one avoidable day or hour would be a crime of weakness on the part of associates well nigh as culpable as the crime of wickedness on the part of the enemy."

"Now either the thing must stop or the consequences must be made definitely worse for the enemy. There should be a specific penalty for every day which the struggle is prolonged. The allies must make Germany understand that for a reception of these terms, the new system in Germany, what ever it may be worth, may be held responsible from an assigned and near date and that Germany when overthrown and invaded as a result of the date named in the ultimatum, the persistence of this struggle, will pay its whole cost in cash of kind be compelled, without mitigation, to turn."

AT VERSAILLES CONFERENCE DISCUSSING ARMISTICE TERMS

(left to right, above: General Haig, Premier Lloyd George, and Gen. Tasker H. Bliss. Below: Premier Sonnino, Premier Clemenceau and Col. E. M. House.

The terms upon which Germany can have an armistice are being discussed at the great allied conference at Versailles. Among the dominant figures at the meeting are Gen. Tasker H. Bliss, America's ranking military member of the conference; Col. E. M. House, representing President Wilson; Field Marshal Sir Douglas Haig, commander-in-chief of the British

forces in France; Premier Sonnino of Italy; Premier Lloyd George of Great Britain, and Premier Clemenceau of France.

'CONSTRUCTION CONGRESS' TO BE ELECTED TUESDAY

BY L. C. MARTIN

Washington, Nov. 4.—Unless all signs fail, the congress to be elected Tuesday, will be a "construction congress." Leaders of both parties have realized for months that the tasks of reconstruction will prove as huge and as important as those of war making.

Upon this realization is based the bitter congressional campaign. The next congress may shape American policies for the next century. Tasks which already face the reconstruction congress are stupendous.

ROADS JAMMED WITH RETREATING MEN AND GUNS

London, Nov. 4.—The British opened a new attack on a wide front south of the Scheldt this morning, it was announced by Field Marshal Haig.

American infantry light artillery resumed their pursuit of the retreating Germans this morning.

Our heavy artillery and airplanes are bombarding the roads in the rear of the enemy, which are jammed with men, guns and material. Yankee naval gunners are bringing up monster cannon over newly built railroads to hammer the boches vital centers behind the Meuse.

GERMAN SHIPS ARE ORDERED CONFISCATED

Zurich, Nov. 4.—Confiscation of German and Austrian steamers on the Danube, has been ordered from Budapest, where the situation is bordering on anarchy, according to advices received here today. Soldiers are pillaging military depots and selling food and clothing to civilians, at enormous prices.

IS BASEBALL FAILURE WITHOUT BEER?

Columbus, Ohio, Nov. 4.—As a final effort to defeat former Governor Frank B. Willis at the polls tomorrow Garry Herman and Mike Mullen are reporting that the election of Willis will kill Sunday baseball in Cincinnati because it will be a failure without beer. Democratic headquarters in Columbus received official word from Hamilton county that the vote would not be more than a thousand either way and was warned not to depend upon Hamilton county to carry through the Democratic ticket.

ALLIES OCCUPY CONSTANTINOPLE

Paris, Nov. 4.—Allied forces are reported to have arrived in Constantinople, and to have landed on the Princes Islands, according to an Athens dispatch to the Petit Journal, dated Sunday. The newspaper says that while there is no confirmation of the report its realization apparently is only a question of hours in any event.

The Princes Islands are situated in the sea of Marmora, off Asia Minor, ten to fifteen miles southeast of Constantinople. They are nine in number.

REICHSTAG WILL PASS ON KAISER'S CASE

Paris, Nov. 4.—The Reichstag groups will confer today and tomorrow for the purposes of arriving at a decision on the question of the Hohenzollern dynasty, says a Zurich dispatch.

The German press believes that the Kaiser and military headquarters propose to refuse the terms of the armistice, while the civil government is inclined to accept them. The tension between the two factions is said to be critical.

The Berliner Tageblatt declares that only abdication of the Kaiser will relieve the situation.

GERMANY NOW ALONE FACING UTTER DEFEAT

Paris, Nov. 4.—Official announcement was made last night that an armistice has been signed with Austria. Hostilities cease at 3 o'clock Monday afternoon.

Washington, Nov. 4.—Austria has "taken the count," and definitely quit the war.

Germany will be next, the National capital declared unanimously, as it waited with strained intensity for announcement of the German armistice terms. They are expected today or tomorrow—probably today.

So confident is the capital that the armistice terms will result in a cessation of hostilities that consideration is already given to the location of the peace conference.

Washington is strongly talked of and favored not only by American officials, but by many diplomats. Brussels, is also mentioned—but no decision has been reached, even tentatively.

The element favoring Washington says that President Wilson is entitled to have a large say in selection of the site, because his has been the basic peace ideas, accepted by the belligerents. Also his wish to attend the peace conference would be far easier realized if the conclave were held in America.

Rumors of the Kaiser's abdication are prevalent, but lack any verification.

His endorsement of electoral reforms is taken, as a realization upon his part that he had to submit to some shearing of his powers. But that he is determined to retain his reign as long as possible, appears certain.

BY WILLIAM PHILIP SIMMS

Paris, Nov. 4.—From three o'clock this afternoon when Austria Hungary goes out of the war, the entire eastern German frontier is wide open to the menace of an allied invasion.

Munich, Dresden, Bavaria, Saxony and Prussia will thus be directly menaced.

The inter-allied diplomatic council is watching the swift turn of events with grim satisfaction. Paris is unflustered and awaiting the next step in the central European debacle—publication of the terms of Germany.

The Austrian armistice is now in effect and Germany is alone against the allies.

When the fighting ceased, it was apparent that the Austrians had been driven almost entirely out of Italy and that the important enemy cities of Trieste and Trent had been occupied.

In the Balkans practically all of Serbia and Montenegro had been won back and the Serbs had taken Belgrade, their capital.

The Germans are reported to be rushing troops to Austro-German frontiers where Germany is now open to allied invasion.

The German defenses on the west front are again crumbling under the fierce hammering of the allies on various important sectors from the Dutch border to Verdun.

The Americans are rapidly closing the narrow gap in the Meuse region, through which the Germans must pass in their retreat south of the Ardennes. They are reported within less than four miles of Stenay, the historic Meuse crossing. Seizure of this point will virtually split the German armies.

The Germans are reported to be withdrawing their heavy artillery through Metz and great activity is dis-

cerned back of the enemy lines in the Woerthe region, indicating that a new retirement is about to be effected from the front established after the St. Mihiel salient was wiped out. The important German railway line through Mezieres is now under fire from American field artillery while naval units are rushing up their monster guns to bombard enemy positions in the whole region from Metz to Mezieres.

GET OUT THE VOTE IS ORDER OF DAY

Washington, Nov. 4.—"Get out the vote," was the order flashed today to political workers everywhere on the eve of the most important war time congressional election ever held in the United States.

Both Democratic and Republican leaders expect the result to be close. For that reason they will make unusual efforts to register the views of every voter it is possible to reach.

Final forecasts and statements were in preparation here early today by both parties. The last minute reports from the doubtful and pivotal points poured in.

Both parties are putting in their strongest eleventh hour efforts in Rhode Island, West Virginia, Nebraska and South Dakota. These four states are all doubtful, even the most optimistic party prophets admit.

SPANISH INFLUENZA—A NEW NAME FOR AN OLD FAMILIAR DISEASE

Simply the Same Old Grip That Has Swept Over the World Time and Again. The Last Epidemic in the United States Was in 1889-90.

ORIGIN OF THE DISEASE.
Spanish Influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

THE SYMPTOMS.
Grip, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT.
Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powder may be given by physician's directions to allay the aching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 40 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS.
In order to stimulate the lining of the air passages and throw off the germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thick pieces of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the in-

NOTE.—Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Eucalyptol and Camphor with such volatile oils as Eucalyptus, Thyme, Cloves, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold, trouble over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and can, therefore, be used freely, and often without the slightest harmful effects.

Saving Coal Saves Money
And Helps The Nation
There's a wealth of proof to show that your home may be thoroughly comfortable at a third or a half less fuel than you have been using. The Caloric Pipeless Furnace is a remarkable fuel conserver. Many say it saves half. Here is just one sample letter taken at random out of thousands which the manufacturers receive from pleased Caloric owners:

"I am heating very comfortably seven rooms and not using any more fuel than I did with a double heater, heating only two rooms.—S. P. SEIFERT."

PIPELESS CALORIC FURNACE
% Original Patented Pipeless Furnace

Over fifty thousand homes, many of them in this state, have found this furnace the economical, common-sense method of keeping comfortable. They bought on a guarantee of real fuel saving and perfect satisfaction, and the Caloric made good.

One register delivers all the heat from the fuel directly into your living rooms and draws out the cold air, insuring an abundance of balmy, moist warmth right where you want it. The collar is just right for the storage of perishable products.

The Caloric can be installed in a day. It is a triumph of engineering skill that embodies many patented features which have made it the leader and which are not found in imitations. Come in and see this wonderful furnace. We will tell you frankly whether it is adapted to your home. If we say it is, we will give you our personal guarantee that it will make good or we will take it out. Come in and talk it over.

FALSE RUMOR OF DEATH BRINGS POSIES FOR LOCAL ROOKIE

The following incident, with some embellishments, one of the rare amusing details of the recent epidemic of influenza at Camp Sherman, is told regarding a Greene county boy, by Private Raymond A. Higgins, formerly a member of the Gazette and Republican staff, writing as reporter for the Ninth Company, in the Camp Sherman News:

"Although Bugler Arthur Judy of the Ninth Company was a victim of the recent epidemic, he was probably more heart sick at the sight of the pretty nurses in the base hospital than from the effects of the disease.

"However, rumor had it that Judy had 'checked out,' and sorrowing friends in his home town of Cedarville, O., prepared to receive his body. A collection netted enough money to buy out the florist, and a spray of flowers that did the home people proud, was prepared to be sent to camp.

"It was just in the nick of time that Judy thought to write home and advise the home town folks of his soundness and good health. However it was not in time to permit a reclamation of cash on the faded posies.

"Now Judy is afraid to go home for fear he will be charged up for his own casket decorations."

Returned war workers are unanimous in saying that the first thing our boys at the front think of when they are wounded is the fact that their folks at home will worry when they read their names in the casualty list. Their first letter home after they reach the hospital is one of cheer. They tell of their wounds as slight and talk more about getting back at the Huns soon. They get lonely, though, and look for letters from home. If they are so wounded that they cannot write themselves, workers with the different war organizations write for them. The photo shows Dr. Bartlett, a Y. M. C. A. secretary, writing a letter for a wounded American.

STEELE HIGH DEFEATS X. H. S. THE THIRD TIME

For the third time this year the local football eleven met defeat at the hands of Steele at Dayton Saturday. The final score was 30 to 0.

The Steele gridders had previously defeated the Blue and White by a score of 21 to 7, and the local team was out for revenge, but the Dayton aggregation again showed its superiority. It was Steele's game from the start of the fray. The Red and Black scored all its points during the first half. The locals held them in check during the third and fourth periods but could not get in the scoring column.

Steele made its first touchdown on the kickoff when Xenia fumbled the ball. Becker broke through and recovered the ball and raced down the field for a touchdown. Klee kicked the goal. In the same period Captain Klee placed a field goal between the bars for three points. The quarter ended with the score 10 to 0.

The second period was Steele's by one. They scored three touchdowns during this period. Dunham made the first when he fell on a fumble behind the goal line. Captain Klee scored another after a long run. Klee also scored the last marker after the ball had been worked down the field by his mates. Klee was the big man for Steele, making two touchdowns, kicking three goals from touchdowns, and scoring a field goal, making a total of 18 out of his team's 30 points. Becker at end and Klee played well in their respective positions for Steele, while Owens, Hartsock and Tullis were the local best performers. The local backs were through Steele's line for gain after gain on backs but did not have the punch necessary to score. The forward pass was used by both teams but did not prove very successful most of them being intercepted. A good deal of fumbling was noticeable on both sides during the game.

"Yank" Stephens, the local quarterback, was injured about the head when he was tackled, but the injury was not as serious as was first thought. He was getting along all right Sunday, after he had been taken to his brother's home.

EAST END NEWS

The venerable Benjamin Winn is ill. Mrs. Ruth Jackson is convalescing after a week's illness.

Mr. and Mrs. Ross Wiggins of Springfield, visited relatives and friends here Sunday.

It is a legal duty of every voter to cast his ballot Tuesday. It is your privilege to vote according to the dictates of your own conscience, but in asserting this personal right remember that others are going to be affected thereby. We are in the midst of a great struggle for democracy. There is no democracy where one man dictates the policy of the voting element. Mr. Wilson is the most learned president that has ever graced the white house and yet he doesn't seem to know that others than the Democratic party have a right to be associated with him in the legislative hall at Washington. Fellow citizens allow me to appeal to your manhood and better judgment to respectfully teach our honored captain another simple lesson by voting for a Republican congress, and for God's sake vote for the prohibition amendment.

Signed, (Rev.) G. W. Becton.

POEM FOUND BY COL. HOUGH'S MEN

The following verses, typewritten, were found tacked on the side of a building in a town of Northern France through which the American troops passed, by Colonel B. W. Hough, commanding officer of the 166th Regiment. Colonel Hough sent the bit of paper, with the verses to Mrs. Hough, who sent it to her sister, Mrs. M. L. Wolf, of this city:

THE KAISER'S PRAYER.

Ach, Gott, be mine partner,
You don't know who I am,
I am der German kaiser,
Der Emperor Will-I-Am.

You know I whipped dem Belgians
Und mit bullets filled Russia full
Und I'll whip France and Italy,
Und blow up Chonnin Bull.

You know I got dem submarines
All Europe know dot well.
But dot Edison got a patent now
Vot blow dem all to hell.

No, Gott, if you will do me this

Den I will always love
But I will be the emperor of de earth
Und you the Emperor above.

But, Gott, if you will refuse me dis
Tomorrow night at seven
I'll call mine Zeppelins out
Und declare war on Heaven.

I would not ask this from you
But it can be plainly seen
Dot when Edison pushes the button
To hell with mine submarines.

Atlantic Flight Not New Idea.
Transatlantic air flights are by no means new. In 1860 Professor Lowe

announced that he would make a trip across the Atlantic in a giant balloon, carrying a boat to be used in case of accident. He advertised that he would take mail for all parts of Europe at a small rate of postage. He planned to take with him two scientific assistants and a sea captain to navigate the boat, if this should prove necessary. Flight date was set for late in the fall of the year, but the plan never materialized, although the machine was on exhibition in New York for weeks and was visited by thousands of persons who believed the feat practicable.

LADY DRUGGIST'S ADVICE TAKEN

"My sister-in-law is a druggist. She told me of several bad stomach and liver cases which were benefited by taking Mayr's Wonderful Remedy and advised me to try it. I had numerous bad attacks due to bloating and had almost constant pain in my stomach before getting your remedy. I am feeling fine now." Cox Influence to Exempt Millionaire Jimmie Scripps

That Governor James M. Cox used his influence to have James G. Scripps, son of multi-millionaire E. W. Scripps, the owner of a chain of daily newspapers, exempted from military service, was the startling intelligence contained in an account of exemption proceedings published in the Los Angeles Record, one of the newspapers owned by Scripps, the wealthy father.

The county and district draft boards refused the claim of exemption of young Scripps. The case was appealed to the President, and it is at this point that Governor Cox hurled himself into the breach and uses his influence to have this son of wealth remain in his paternal home, while the sons of less influential parents took their places in the battle line and in the trenches.

The just resentment of fathers with sons in the trenches, who have learned of the action of Governor Cox, is intensified by what they term the slighting remarks of the Governor with reference to the common soldier as exemplified in his argument for young Scripps' exemption.

In the Scripps owned Los Angeles Record of November 22, 1917, Governor Cox's participation is described as follows:

Application of E. W. Scripps for the exemption of his son, James G. Scripps, from military duty on industrial grounds was denied Friday by the District Board. Appeal will be made to President Wilson, according to M. A. McRae and J. C. Harper, business associates of Scripps and his son.

Among those who recommended exemption for Scripps was James M. Cox, Governor of Ohio, who argued Scripps can better serve the nation in his private capacity than as a soldier carrying one gun.

The insatiable political ambition of Governor Cox is said to have prompted his unusual efforts in behalf of young Scripps. In the chain of papers owned by the millionaire father are five daily papers published in Ohio. The influence of these papers on his political fortune is said to have caused the "War Governor" to scorn the sacrifice being made by thousands of Ohio's sons, who are just soldiers with a "single gun," and no wealth or influence.

INFLUENZA, COLD PNEUMONIA, SORE THROAT

Yields Quickly to Anti-septic Oil Treatment.

Many are finding relief from Influenza, Cold, Sore Throat and perhaps preventing pneumonia. It is said, by the use of Miller's Antiseptic Oil (known as Snake Oil) its great penetrating, pain relieving qualities insure almost instant relief when applied freely on the chest or throat, well greased when first symptoms arise. The Oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pains. And for the cough a few drops on a little sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on and if used according to directions results are assured, or your money refunded. THE PROPOSED CONSTITUTIONAL AMENDMENTS.

There are three proposed constitutional amendments to be voted for in Ohio on Tuesday. The FIRST is submitted by the liquor interests and is as false and specious and wicked as the peace proposals of the German kaiser, and should be voted against by every one who has regard for morality. It provides that if the Legislature of Ohio ratifies any proposed amendment to the constitution of the UNITED STATES, the same shall not go into effect for ninety days, to allow a referendum vote, and then shall not go into effect AT ALL unless approved by a majority of those voting on the subject. A high handed proceeding, aimed to nullify the U. S. law as to ratifying National Constitutional Amendments. The aim, of course, is that if the Ohio Legislature ratifies the proposed National Prohibition Constitutional Amendment, that the liquor men will go before the voters and nullify the ratification by the booze vote of Cincinnati, Cleveland and other large cities. Put a big X before the NO on this shameful proposition.

The SECOND proposed constitutional Amendment for Ohio provides that the sale and manufacture for sale of intoxicating liquors as a beverage are PROHIBITED. This, of course, should be, and we believe will be adopted. Every lover of mankind, and every sympathizer with the drunkard's poor wife and children, should vote for this. Put a big X before the YES on the second proposed Amendment.

The THIRD proposed Constitutional Amendment to be voted for on Tuesday provides for the classification of property for taxation. The result of its adoption would be the killing of the present Smith one per cent tax law. Auditor of State, A. V. Donahey, who has held this important office for six years, has this to say regarding this proposed amendment: "It is my belief, that it would be hazardous and unwise to radically change our present method of taxation. If the classification amendment be adopted by the people, the General Assembly will be besieged by persons interested in having their particular class of property taxed at the lowest possible rate. Legislators and other officials will do well to cease their quest for reasons to abolish our present tax limitations. The officials or political party that has the lack of judgment to disturb this legal protection against tax extortion will be buried in oblivion! The taxpayers of Ohio will never again permit themselves to be placed at the mercy of the insatiable appetite of the tax spenders of our state."

ONE OF MY DUTIES ON TUESDAY.

One drinking saloon in a community means rags and misery for some of its people, and sixty thousand saloons in the nation means rags and misery multiplied sixty thousand times. Universal happiness and prosperity cannot exist in the same land with the saloon, any more than peace and safety can exist in a sheep-fold when the wolf has entered it.

Drunkenness takes away the man, and leaves only the brute; it dethrones reason from its seat; stupefies conscience; ruins health; wastes property; covers the wretch with rags; and reduces the wife and children to want and beggary.

For these reasons I am going to vote DRY on Tuesday. I am going to put a big X before the YES on the second Constitutional Amendment.

RED CROSS WORK ROOMS REOPENED

After an enforced cessation of work, due to the influenza, the Red Cross work rooms, beginning this week, will be open as formerly on Wednesday afternoons and all day Friday. Consider yourself drafted to do Red Cross work, just as our boys have been drafted. Your part is small and don't make them ashamed of American womanhood.

A SUGGESTION ABOUT OUR SCHOOL FUNDS DEFICIENCY.

The Xenia City schools, as well as those of many other towns and cities, are in a deplorable condition for lack of funds. In the report of Mr. A. V. Donahey, Ohio Auditor of State, he makes a suggestion which it seems to us might be turned into a relief in this matter. He says:

"For the fiscal year ended June 30, 1918, the state received from licenses from automobiles and other vehicles, a total of \$2,160,360.96. This sum is credited to the Highway Department and the law requires that it shall be used by this department in the repair and maintenance of roads.

This law should be amendment to provide that all such revenues shall be returned to the cities, villages, and townships where the vehicles are owned, to be used entirely for the repair and maintenance of streets and roads. As a large proportion of such vehicles are in municipalities, this change would FURNISH THE CITIES AND VILLAGES OF OHIO TWO MILLION DOLLARS of new revenue annually in the future.

This change will not deprive the Highway Department of needed revenue nor diminish state aid for road construction throughout Ohio. The revenue now received by the Highway Department from the state direct levy of three-tenths of one mill, which the past year amounted to \$2,432,503.66, are ample for all requirements and furnish all the money the department can intelligently spend. At the close of business on June 30, 1918, there was a cash balance in the Highway Fund of \$4,843,968.38. I am of the firm belief that Ohio would have more miles of improved road if the Highway Department had less money to spend. Building brick roads at a cost of from \$30,000.00 to \$40,000.00 per mile, in rural communities, should be abandoned in Ohio. The expenditure of a much smaller sum will improve a greater mileage of ordinary traffic roads if stone, gravel, and other local materials, are used where road-building material of suitable quality is available."

If the legislature changes this law, as Mr. Donahey suggests, and which seems a very sensible recommendation, why may not it leave to the cities, towns and townships themselves to say in what manner this over two millions of dollars shall be expended. If it is not needed for road improvement, which during the war is "ad-journed" in many sections, may not this large sum be wisely appropriated to the benefit of the schools. Our own representative in the legislature, Hon. W. B. Bryson, is one of the men who will have something to say about this next January.

When?
No one can be perfectly free till all are free, wrote Herbert Spencer. No one can be perfectly moral till all are moral; no one can be perfectly happy till all are happy.

"THE WIFE"

BY JANE PHELPS

RUTH DINES WITH HER EMPLOYER, WHILE BRIAN STAYS OUT LATE.

CHAPTER LXXIX.

Ruth could scarcely repress the guilty feeling she had at accepting her employer's invitation. It came over her that she was doing exactly what she hated so to have Brian do—then excused herself on the ground of business.

Had Brian been coming home as usual, she would have been gone. But Mr. Mandel had been so insistent that she dine with him, if she worked overtime, that it had been easier to consent than to refuse.

"I will be careful not to tell him when Brian is out," she said to herself, as she smoothed her hair, preparatory to going to dinner. She had worked with Mr. Mandel until a little past seven, and was both tired and hungry.

She was thankful for the waiting taxi. It would rest her a bit. "You are very tired," Mr. Mandel said as he leaned back with an unconscious sigh.

"Not so very," Ruth had answered, flushing to think she had allowed herself to let her employer know she was weary. He was so uniformly kind and thoughtful that she felt chagrined.

"You must eat a good dinner. Then I'll send you home in a cab. I was going to propose a theater; but you are too tired."

"Oh, I couldn't have gone!" Ruth exclaimed, knowing she would have enjoyed a good play.

"Why not?"
"It wouldn't be right for me to do something so selfish when Brian, my husband, is working," she had told her employer that her husband was going to school. Simply that he had to be out on business.

"I wonder if"—Mandel stopped, then after a moment added: "If all wives are as considerate."

"Why, of course they are. I feel almost wicked to go to dinner with you, knowing he is probably taking a snack in some horrid place near his office."

"You have a very tender conscience."

As he said it, Arthur Mandel wondered how long it was wise to hide what he knew from Ruth. Wise for him; his hopes of winning her. She evidently knew nothing. Had he realized that already Ruth was terribly jealous of Mollie King, that she knew of some of Brian's visits; he would have hesitated no longer. But he supposed her entirely in the dark except perhaps that day when she saw them when they visited Washington Square on business.

They had a delightful dinner. Mandel insisted that Ruth drink a tiny glass of champagne.

"It will do you good," he had said when she objected, and so once more she did as he asked rather than discuss the matter further.

When they finished, he put Ruth into a taxi, bade her good night, adding:

"Don't hurry down in the morning. You need the rest."

"Was ever employer so kind?" Ruth wondered as she leaned back in the corner of the cab. All through dinner he had chatted brightly, told her interesting stories and anecdotes of people, without taxing her

in the least to do her part to entertain him. She had been grateful. She did not feel like talking and it had been a relief to know it was not required of her. And somehow she knew that Arthur Mandel knew she did not want to talk; and so had saved her the necessity.

Ruth was just the type of a woman who appreciated such delicacy of attention. She thought much of Mandel as a consequence. She regarded him as the kindest, most thoughtful man she had ever known. Occasionally she wondered idly why he never had married, and was rather pleased that he had not, although she could have given no reason for the feeling.

She went directly to bed when she arrived home, and fell asleep almost immediately. She had not intended to: she meant to wait for Brian and tell him of her nice dinner, and hear how he had got along with his typewriter. But she really had been very fatigued, and so had slumbered regardless of her intent to remain awake.

She woke with a start! she must have fallen asleep. But Brian was not yet in, so she could not have been sleeping long. He had said he would be home a little after nine if he had his lessons early; and it had been just nine when she lay down.

She looked at the tiny clock on her dressing table. It was after eleven. She had dozed nearly two hours. Where in the world was Brian?

She went to the window to watch for him.

Just as the clock struck twelve she saw him. Some impulse, for which she could not account, sent her scurrying back to bed; and made her pretend to be asleep when Brian switched on the lights.

FESS PREDICTS A VICTORY FOR G. O. P.

Republicans will control the next National House of Representatives by a majority of 25 members, Representative S. D. Fess, chairman of the national Republican congressional committee declared. While no formal statement was issued by the Republicans as to senatorial contests, leaders of the party predicted that the next senate would be Republican by a good margin.

In his analysis of the political situation Chairman Fess said 230 congressional districts are "safely" Republican, 172 are "safely" Democratic and 32 are doubtful. The most noticeable gains claimed by the Republican chairman are from Ohio, his own state, the present delegation from which includes twelve Democrats and nine Republicans, with one seat vacant.

PROBATE COURT

By the will of Mrs. Ella J. Kalbfus, which has been admitted to probate, her estate, valued at \$5,300, is left to her sister, Mary A. Buckheit, during her lifetime, and the testator's stepson, Charles P. Kalbfus, is named as trustee and guardian for the beneficiary. At the death of the sister, the estate is to be equally divided between the testator's stepchildren, Charles P., Percy and John W. Kalbfus and Mrs. Clara A. Bechtel. John W. Kalbfus is named as executor, to serve without giving bond. George Drake, P. M. Stewart and Howard Applegate were named as appraisers.

Elizabeth Bowser has been appointed guardian of Frank Bowser, an inmate of the Dayton State Hospital.

Bertha Mescher has been appointed guardian of Marie Mescher and others. Bond, \$2,000.

The collateral inheritance tax on the estate of Elmer Ferguson was fixed at \$87.66, by the probate court. The beneficiaries upon whose legacies the collateral inheritance tax must be paid are: William Ferguson, Mrs. Robert Jacoby, A. L. Ferguson, the heirs of Alex Ferguson and Mrs. Sarah Turnbull.

U. S. SOLDIERS WELCOMED BY ENGLISH FOLK

A story of a reception and entertainment which was given for American soldiers stationed in various parts of Yorkshire, England, by Mayor and Mayoress of Beverly, is given in a clipping from an English paper received from relatives by Mr. and Mrs. William Barnett of the Hoop road.

"The event was a conspicuous success from start to finish," reads the story. "The musical program was excellently chosen, and the items without exception, well rendered. The room itself presented an attractive and fitting setting for such an occasion. Above the platform was a large notice reading 'Welcome To Our American Allies.' The room was profusely decorated with bunting and over the platform were the Union Jack and the Stars and Stripes, side by side. The band of the second east Yorkshire regiment played some beautiful pieces, opening with the American National Anthem, 'The Star Spangled Banner.'

"The mayor and mayoress (Alderman and Mrs. Wray,) met their guests at the entrance to the building. Their worship were accompanied by a representative gathering of prominent townspeople, and by contingents from the local volunteers, special constables, and V. A. D. nurses. 'We are pleased to see you and to welcome you here,' said the mayor as the American soldiers marched into the building. A substantial tea was provided and then followed what proved to be a very enjoyable musical program. A number of wounded British Tommies were also present, and on behalf of the local military authorities, Col. J. H. M. Conran accompanied by Mrs. Conran was present to extend a hearty welcome to the American soldiers.

"At an interval Sergeant George Molter, on behalf of the guests rose and expressed thanks for the entertainment. He moved a vote of thanks to the Mayor and the Mayoress and the inhabitants of Beverly for their kindness in inviting them to the gathering.

"In responding, the mayor said 'we feel that the honor is ours, and we regard this as a unique event in the history of our ancient town. If we were to search the records of the borough through and through, all along through the one thousand and more years that this town has existed, it would be impossible to find recorded

an occasion such as this which has brought us together tonight. The kaiser has many mistakes, and he is learning it every day, but there is one thing about which we English people would be prepared to congratulate him, and that is that it has been the means of bringing together our great giant sons from the Western continent and we English people here at home in closer bonds than we have ever been before. We speak today of you Americans as our lifelong friends, our comrades in arms in this great conflict, with whom we regard it an honor to be associated in the great cause of liberty, freedom and right."

MAN KNOWN HERE DIES OF PNEUMONIA IN THE SOUTH

Word was received by Mrs. R. S. Kingsbury Saturday of the death of Bert Reinke, husband of her cousin, who was before marriage Miss Jean Aiken, and well known to Xenia people. Mr. Reinke died of pneumonia Saturday morning at Russellville, Ala., where he was in charge of the quarries at the government nitrate plant.

Mrs. Reinke and her two children who had been spending several months with her parents, Mr. and Mrs. William Aiken, at Pottstown, Penn., went to Russellville, three weeks ago to join Mr. Reinke. Mrs. Reinke was taken ill of influenza on the train, and after reaching Russellville, both of the children were also taken ill. Mrs. Reinke was just able to be up when her husband fell ill, and pneumonia developed.

Mr. and Mrs. Reinke were married about eight years ago and have two children, Willis and Nancy. Mr. Reinke's parents live in Jamaica, where his father is a bishop of the Moravian church. He has one brother in this country.

It is not known where the body will be taken for burial.

WAR RECORDS

Of permanent, patriotic importance is the accurate and interesting detailed history of all matters pertaining to the present war being collected and preserved by the historical commission of Ohio, which is endeavoring to make a complete collection of documents and materials which will disclose the work of the civilian war agencies in Ohio as well as the exploits of Ohio men and women in service abroad.

Soldiers' letters and diaries and records of the civilian war services rendered by the people in the various communities in the state are desired by the commission.

Photographs, motion pictures, posters, cartoons and relics also are desired. In other words it is attempting to preserve everything that may help to show what the men, women and children of the state have been doing and thinking with reference to the war.

If you have anything, send it to the historical commission of Ohio, Fifteenth Avenue and High street, Columbus.—Ohio War Board.

Taking What Comes.

You must take what you can get these days," said the philosophical citizen. "Yes," replied the weary one; "but some of these telephone numbers I got aren't of the slightest use to me."

HEALTH TALK

SPANISH INFLUENZA OR GRIP
BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, at the drugstore and one given every two hours, with lemonade. The Anuric Tablets should be obtained by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water tepid in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system obtain at a drug store a good iron tonic, called "Ironics" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery. adv

DEATH OF CHILD DUE TO PNEUMONIA

Walter McDufford, aged three years and three months, child of Mrs. Earl McDufford, died Saturday noon at the Washington hospital, of pneumonia. The funeral was held at the home at 2 o'clock Monday afternoon. Earl McDufford, father of the child, was killed about two years ago, the victim of a shooting affray in the neighborhood of his home. He was killed when he stepped to the rear door of his home to learn the cause of the commotion.

Anatomical Query.

Harry was fond of drawing, especially pictures of animals. One day he was trying to draw a horse and got along nicely until he came to the legs. After several unsuccessful attempts he asked: "How do a horse's legs begin, I wonder?"

EAT A TABLET! STOP DYSPEPSIA AT ONCE

Liberty.
Two lovers were sitting side by side in Battery park, New York, one evening. "I wonder," he whispered as he glanced out across the beautiful bay and saw the Statue of Liberty in the shadowy gloom, "why they have its light so small." "Perhaps," replied the girl as she blushed and tried to slip from his embrace, "the smaller the light the greater the liberty."

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

THE LAST APPEAL!**Who in the World Would Hurt This Baby?**

Only one Fiend in human form would jeopardize this baby's life—
Only one Heart could be inhuman enough to encompass its ruin—
Only one Soul could remain dead to the appeal of its innocence—
Only one Conscience could remain deaf to its piteous cry for justice—

(THE SALOON KEEPER)

Have you ever experienced the real thrill of helpless, loving baby arms around your neck?

Did you ever get down on all fours and play horse or dollies with one such as this?

Were you ever requested to put poor dolly's arm on again and fix the wheel on little red wagon?

Did you ever kiss away the pain from the little bumped head or wrap up a tiny finger, and, at the end of the day, did you ever have one of these precious little human beings wistfully crawl up in your lap and snuggle a curly head close up under your chin—weary of play—heave a sigh and go to sleep?

Is there anything in this world, mothers and fathers, that is nearer and dearer to you?

If this was your baby, how proudly and carefully and lovingly you would watch over it as it grew through childhood and youth to maturity!

With what patience you would instill in his growing mind the virtues that would make him a Real Man—one who would be a credit to himself, his parents and his country!

AND THEN! If he took to drink,

If he came home, DRUNK, and from the mouth that was once pure and undefiled, the mouth that you kissed so tenderly in baby days, came reeking the obscenity and stale filth of the taproom!

If his once sweet breath bore the stench of the dive keeper's brew, his feet no longer obeyed his will and he staggered in through the door!

Perhaps he saw tears on your face and heard your sobs of anguish, became angered—and STRUCK YOU!

You, Mother, who had gone through the Valley of the Shadow at his birth, who had hoped and planned for such a wonderful future for him!

And he came to this!

A thing of the streets, the saloon, THE GUTTER!

HORSE; MITS GUILT WHEN ARRESTED

"Yes, I stole it, and I'll steal another if I get away," said an aged man giving his name as "Sherman Dugley, of New Jersey," when Sheriff Frank A. Jackson arrested him near New Burlington Saturday night in the possession of a horse and buggy belonging to Gus Little of Xenia. The outfit was stolen from a rack at the rear of the court house about 5:30 Saturday evening.

Mr. Little, who lives on West Second street, is employed by the Weiss Brothers, gardeners on the Cincinnati pike, and he drove in town Saturday night, and hitched his horse while he went to do some shopping. He was gone only a short time when he returned to the buggy to place some parcels in it and found the outfit gone. The police were notified and Chief of Police Canaday at once telephoned in all directions, leading from the city, giving a description of the horse and buggy, and ordered his patrolmen to search for the outfit about town.

Raymond Wolf, who lives on the New Burlington pike, telephoned to

Sheriff Jackson a short time later that a man with a horse and buggy answering the description given, had been at his house to get something to eat, a short time before. The sheriff followed in an automobile, and about two miles north of New Burlington overtook the thief and his stolen outfit.

The man admitted his guilt. He was brought back to Xenia and locked up in the county jail. The thief is about 65 years of age. He said that he had been traveling about the country.

The thief slept at the police station Friday night, and gave his name to Chief Canaday as Samuel J. Duffy. He will be arraigned before Police Judge E. D. Smith, Monday afternoon on a charge of larceny.

Protection for Aerials on Ship.

According to an English electrical publication, a valuable improvement has been made in the shape of the addition of metal springs to the aerials on shipboard for the purpose of acting as shock absorbers, thus overcoming to a great degree the tendency of this delicate instrument to be put out of service when the vessel experiences a severe shock either from torpedo or accident. Heretofore it has been necessary to take the aerials down when the vessel is loading because of the movement and vibration in the masts caused by the use of the derricks.

ORDINANCES MAKE LOCAL ELECTION WARM

The contest over the referendum on the awning and sidewalk ordinances, has developed into the bitterest fight of the local campaign, and in a manner has taken precedence in interest over the national and state issues involved in Tuesday's election.

The Citizens' Committee has taken up the fight in favor of the ordinances, and friends and enemies of the two measures, have campaigned vigorously for and against them, during the closing days of the campaign. Personalities injected into the matter have brought the matter to white heat.

Ordinance No. 38, regulating the use of streets and sidewalks, and Ordinance No. 39, regulating the use of awnings, signs, etc., and repealing certain other city ordinances, which were passed by the City Commission early in July are the measures involved.

Four proposed amendments to the state constitution will be balloted on. Chief in interest is that prohibiting the manufacture and sale of intoxicating liquor. Other amendments to be voted on are: that the General Assembly shall classify property for taxation purposes; the referendum provision, and the amendment providing for the passage of laws against double taxation.

There are three county tickets in the field, Republican, Democrat and Prohibition. The Republican ticket is: clerk of the courts, George W. Sheets; sheriff, Lincoln Funderburg; auditor, R. O. Wead; commissioners, R. E. Corry, G. N. Perrill, R. D. Williamson; treasurer, J. E. Sutton; recorder, B. F. Thomas; surveyor, J. M. Fawcett; prosecutor, Harry D. Smith; coroner, R. L. Haines. The Democrats have the following ticket: clerk of the courts, Harry A. Higgins; sheriff, John A. Shirk; auditor, James A. Hite; commissioners, P. A. Alexander, David Hilt and W. A. McDorman; treasurer, F. M. Burrell, and recorder, R. M. Copsey. The Prohibition county ticket has the following names: clerk of the courts, J. M. McKay; sheriff, J. A. Harner; auditor, George S. Creswell; commissioners, W. H. Babb, S. H. Ellis, E. H. Schauer; treasurer, Clayton McMillan.

There are four candidates for judge of the supreme court, P. M. Crow, O. W. Newman, J. E. Robinson and R. W. Wanamaker. Judge A. H. Kunkle is a candidate to succeed himself on the Court of Appeals.

Jamestown will vote on two special tax levies one for three mills for maintenance of the schools for a period of five years, and one for a levy of one and three tenths mills for a special fund for lighting the streets by electricity.

Cedarville will also ballot on a tax levy of two mills for lighting the streets with electricity. Bellbrook will vote on a two mill levy for the public service fund.

'FLU' AT STATE INSTITUTION DIMINISHES

"The influenza at the institution is diminishing very fast," said Dr. Warren C. Hewitt, of the O. S. and S. O. Home, Monday afternoon.

Only three cases of the malady were sent to the hospital by Dr. Hewitt Monday forenoon, and one of these cases was a relapse. Twelve new cases were sent to the hospital Sunday, and 16, on Saturday. Less than 150 cases remain in the hospital, and all the cottages which have been in use as temporary infirmaries have been closed with the exception of two. Dr. Hewitt expects to be able to move to the regular hospital wards Monday afternoon, all those who remain in the temporary wards in the schools.

There are 27 cases of pneumonia among those who remain ill, but the condition of the pneumonia patients was very favorable Monday. Several whose cases were critical last Saturday, had shown very decided improvement by Monday.

Equal Right, but No Favor.
"I suppose," said a lady to a conductor, "if I pay the fare for my dog he will be treated the same as other passengers, and be allowed to occupy a seat." "Of course, madam," the conductor replied politely, "he will be treated the same as other passengers, and can occupy a seat, provided he does not put his feet on it!"

New Blood Needed

After the grippe, influenza or other serious illness, the body needs help to regain the health and strength sacrificed by the disease. The blood first of all must be purified and revitalized. For this purpose physicians know of no more efficient body builders than Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide in some form.

In many preparations however, the iron causes constipation, but in Chase's Blood and Nerve Tablets, which contains all of these tonics, this is overcome by the addition of Aloin.

The system, therefore gets all the benefits of the iron and other body builders with out any unpleasant after effects. Health and strength quickly returns and pure healthy blood is soon circulating through the body.

Each dose means more vim, vitality, and strength. Weigh yourself before taking and watch the result.

Dr. Chase's Blood and Nerve Tablets are sold by nearly all druggists at sixty cents a box. Special strength ninety cents.

WALLACE ANDERSON'S BODY IS RECOVERED

The body of Wallace Anderson, son of Mr. and Mrs. W. P. Anderson of Cedarville, who was killed by the explosion of a gasoline tank on a motor boat at the Pensacola, Fla., naval station, has been recovered, and is on his way north.

The body is expected to reach here Wednesday, and will be taken in charge by Undertaker J. H. Nagley, and removed to the seaman's parents' home.

A telegram announcing that the body was recovered was received by the family Saturday night.

CONVERT YOUR LIBERTY BONDS BEFORE SATURDAY

Washington, Nov. 4.—Owners of first Liberty bonds converted, and second Liberty bonds, bearing 4 per cent, who wish to exchange them for bonds bearing 4 1/4 per cent must do so before Saturday, November 9, when the conversion privilege expires. This can be done without cost at any bank and give the bondholder an extra quarter of a per cent interest. Third loan bonds are not to be converted because they already bear 4 1/4 per cent.

SMALL BOY HURT; AUTO HITS BICYCLE

Theodore Bailey, 11 year old son of Mr. and Mrs. Montague Bailey of the Wilmington pike, was bruised and cut about the head when the bicycle which he was riding collided with an automobile at Market and King streets, shortly before noon, Monday.

Dr. W. A. Galloway found that the lad's injuries were slight. Mr. Kelly of Milledgeville, who was driving the automobile, carried the injured lad to Dr. DeHaven's office, but the physician was out, and the boy was taken home, and afterward brought to Dr. Galloway's office.

The lad's bicycle was badly damaged.

INFLUENZA TAKES A CHILD VICTIM

Juanita Shafer, two year old daughter of Mr. and Mrs. Samuel Shafer, died at 12 o'clock Saturday, at the home of her parents, three miles southeast of Jamestown of pneumonia, following influenza.

The baby had been ill ten days. She is survived by her parents, one brother and two sisters.

Funeral services were held at the home at 1:30, Monday, and interment was at Clifton.

IT'S NOT WHAT YOU EAT THAT DOES YOU GOOD.

High Cost of Living Solved By Using Pepsinco, a Systematic Method of Digestion.

Thousands of tons of food are wasted thru improper digestion of food. Many persons are using a new system of food digestion, not only because our government's food expert says that we shall conserve the food, but, also, the high price of food stuffs compels retrenchment. They find that a little food well digested will go farther and do more good than a large quantity poorly digested.

Pepsinco, this systematic method of digestion, is inexpensive and can always be relied upon. The dose is small and powerful. One little tablet will digest an ordinary meal. Everything will be assimilated. The meal will give you strength. No food will be wasted, once you start this treatment.

Stop at the drug store today and get a small package of Pepsinco.

GHEENT FALLS INTO HANDS OF ALLIES

London, Nov. 4.—Ghent was captured Sunday morning, the Daily News announced. The word was received in a dispatch from Rotterdam.

IT PUTS THE 'PEP'

Into Pepticon—The Combination of Pepsin, Nux, Iron, Celery.

This is what makes Pepticon of wonderful therapeutic value, and so successful after the influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war.

It is a real iron blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.

The Awning Ordinance Means a Fair Deal To All VOTE FOR IT

The ordinances regulating the use of streets and certain obstructions as passed by the city commission and up for your consideration at tomorrow's election, do not differ from ordinances now in effect, except as regards shed awnings, the display of goods and merchandise on the public sidewalks and the erection of signs.

The ordinance relating to awnings and NOW EFFECTIVE, provides that no awning shall extend more than eight (8) feet into the street and shall be at a height from the sidewalk of at least seven (7) feet, PROVIDED nothing in this section shall be construed to effect any SHED AWNING already constructed. The new ordinance, which is up for your consideration is identical, except that the PROVISIO has been excluded. You are only voting to decide whether or not shed awnings that have been for some time and are now denied all but a few, shall be denied all alike.

The NOW EXISTING ordinance relating to signs provides that signs may extend FIVE (5) feet into the street. The ordinance passed by the commission allows signs to extend eight (8) feet into the street. The reason the commissioners allowed for an additional three (3) feet is because they considered this distance safe, and the extra three feet allows for such signs as are now in violation to the existing law, but are safe and not more unsightly than a sign of lesser dimension.

In general the ordinances provide for further clearing the public's property of unnecessary obstructions by private enterprises, and they make possible a more uniform and more impartial application of certain principles which lead towards more sightly and safer streets—they more nearly correct existing improper uses of the public's property.

Do not be misled by false and unfair misrepresentations. The ordinance was framed to benefit YOU, the public, and should receive your vote in its favor. Vote the ballot as herewith shown.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds. In the days of automobiles the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It's your duty as a farmer to see that the buyer from a distance who sees your ad and hustles to your sale, who pays what your stuff is worth. Your stuff no longer can stand around and pick off what he needs at an absurd price, as he does when you get a good crowd. Advertise in the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

TEN LOCAL MEN TO GO TO CAMP NOV. 16

The local board has received a call for ten white men to be sent to training camps in the three-day period beginning November 16. Four of the men are to be sent to Camp Sherman, and six will go to Camp Wadsworth, Sparta, N. C. They will be secured from the 1917 registration.

The board also received a communication from the war department announcing that men are wanted for the motor transport service overseas, to sail within 90 days. Volunteers for the service are sought. Class 1A men are eligible to enlist, as well as men of certain other classes. Men interested should apply to the local board for further information.

Keep Doing Your Work.

"No, I wasn't discouraged. 'Twouldn't have been any use; I had to keep right on, anyway," simply answered a plain, practical girl to an inquiry as to the way she had won through a hard time in her life. "When you just have to do things, you don't stop to think whether you have courage to do them or not, you go ahead because there is nothing else to do. I suppose the folks that get discouraged are the ones who have a chance to stop and study themselves to see how they are feeling. When something has to be done, and you have to do it, you're not watching your courage, you are watching your chance."—Pennysylvania Grit.

WAY TO OFFICERS RANK MADE EASIER UNDER NEW PLAN

Under the new plan promulgated by the chief of staff of the army, the Military Training Camps association will recruit prospective officers for the staff corps of the army.

The army department announces that application of the principle of placing the individual in the military machine strictly according to his qualifications has been extended to cover the selection and assignment of men in civil life desiring commissions in the army.

Through the new plan of picking civilians for army commissions, the Military Training Camps association is authorized to invite and pass upon the applications of civilians for commissions in the quartermaster corps, ordnance department, sanitary corps, engineer corps, military intelligence division, motor transport corps, construction division, department of military aeronautics, bureau of aircraft production, signal corps, chemical warfare service or adjutant general's department.

No applications for commissions should be sent directly to any of the above corps or departments, but should be filed with the Military Training Camps Association, in Dayton, the officers of which are empowered to pass upon all applicants. A man with special qualification along one line will be carefully examined by one who is expert in that line, and will not need to run the gamut of a whole board sitting in judgment. The personnel of the examining board is not to be disclosed.

Any civilian in good physical condition, between the age of 18 and 45, a citizen of the United States, desiring a commission in any of the foregoing branches of the army, may apply to the Military Training Camps association and immediate examination will be made. On the recommendation of the association, the candidate will be accepted or rejected.

The association particularly invites civilians to try for commissions in the motor transport corps, the field artillery officers' training school, the coast artillery officers' training school and the infantry officers' training school.

This Lady Was Told by Many That Pepsinco Would Help Her, But She Just Would Not Believe it.

Mrs. G. wasn't sick, but she had the same trouble after every meal. Heavy load, pain, bloating and sourness. The condition would pass off in time, but she really dreaded her meals. She often read of Pepsinco, and often heard of it, but never gave it enough thought to stop at the drug store and get a package, until a druggist gave her a small sample.

Mrs. G. now recommends Pepsinco to everyone she meets who complains of feeling bad. Never has Pepsinco had as good a booster as this lady since she discovered how good it really is. Pepsinco is made to help all bad conditions of the stomach. It never fails. It is sold and recommended by all druggists. Positively guaranteed.

TEACHING SOLDIERS

CHRISTMAS BOXES FOR GREENE COUNTY SOLDIERS OVERSEAS

Each branch of the Greene County Chapter of the Red Cross has appointed committees to look after the Christmas packages for "Our Boys" overseas.

The committee appointed for Xenia city and Xenia township by the Executive Committee consists of Mrs. Charles A. Weaver, Mrs. George R. Kelly, Mrs. Harry LeSourd, Miss Helen Boyd and Mr. L. S. Stiefels. Their headquarters will be in the room formerly occupied by the Sutton Music Store, adjacent to the Bijou Theatre on Green street.

The cartons have arrived, and the headquarters on Green street will be open every afternoon from 1:30 to 4:30 and on Saturdays from 1:30 to 9 o'clock for the distribution and receiving of cartons, beginning Tuesday.

Makers of Heroes.

Emerson says, "Times of heroism are generally times of terror." They show true character. It seems that human nature needs a test to show the stuff it's made of. Spirits of heroic mold often dormant until aroused by a mighty challenge. It seems as though there is some militarism of the soul that waits the life call and the measure of the drum beat. Not fear but lack of evasion keeps the latent might unconscious of itself. But let the need call and the sleeping giant rouses and strides away to the dismay of petty puppets of annoyance.

Prof. John Erskine.

Prof. John Erskine is professor of English at Columbia University and chairman of the army educational commission of the Y. M. C. A. He is in charge of the project to furnish educational courses for the soldiers in France—over a million men. Several thousand teachers and four million text books will be needed for the work.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. DR. R. A. WILCOX DIES, VICTIM OF PNEUMONIA

Dr. Ralph A. Wilcox, popular and successful young veterinarian, died of pneumonia at 1:30 Sunday morning at his home on West Second street.

Taken ill early last Monday morning Dr. Wilcox's condition was critical from the first, and pneumonia developed very early in his illness. He had recovered from a previous light attack of influenza and was up and attending to his professional practice for four days when he was stricken the second time.

Dr. Wilcox was born at North Litchfield, N. Y., May 14, 1886, and was the son of Gilbert F., and Alice Crist Wilcox. He received his early education in the West Winfield schools, and graduated from the Ontario, Can., Veterinary College, in 1907. He took a post graduate course at the Mc-Killip's Veterinary College in Chicago, and began his professional practice with a well known veterinarian at Mechanicsburg.

In June, 1909, he opened an office in Xenia, and in a short time he had developed a splendid practice. It was his large practice and his devotion to his work that is believed to have led to his last illness. Working early and

late he gave himself little time for rest, and was an easy victim to the influenza. Still weak from the first attack, which was of light nature, he returned to work, and was again stricken by the malady in its fatal form.

Dr. Wilcox was a young man of admirable personal qualities, aside from his professional ability, and both these traits made him popular and successful. He was a member of the State Veterinarians' Association, and was secretary and treasurer of the Tri-County Veterinary Association at the time of his death. This association includes the counties of Greene, Clinton and Fayette.

Miss Alice Pugh of Plainfield, N. Y., became his wife, September 20, 1913, and she survives her husband. His father, who was hurrying here, reached the home of his son too late to see him alive, arriving in Xenia a few hours after he had passed away. Dr. Wilcox was the only living child of his parents. His mother died five years ago.

Funeral services will probably be held Tuesday afternoon at 1:30 at the home and the body will be shipped to his old home in North Litchfield, N. Y., for interment.

THEATERS

Bijou.

Harry Carey, the Universal star, has registered another triumph in the role of "Kaintuck" Cass, a regular Hillbilly of the backwoods of the State noted for its blue grass and its beautiful women. In essaying the role of "Kaintuck," Carey declared that he thought it possible to have a man of innate refinement visualize an uneducated ignoramus. That is just what the original "Kaintuck" is. Because Carey felt he had to accomplish the impossible he worked harder in this picture than any of his previous productions. And he won. He has made "The Scarlet Drop" his most human picture to date. The picture will be shown at the Bijou theater Tuesday.

Soap Plants.

It is said that at least half a dozen plants in the United States contain saponin enough to make them acceptable substitutes for manufactured soap. By digging up the roots of a soap plant, crushing it, and rubbing it between the hands in water, the skin is left soft and clean. In case of the Ceanothus in California, the flower can also be used, but the Chlorogalum pomeridianum of the Pacific coast presents its bulb in the form of a neat little cake of soap, wrapped in a coarse fiber covering which is easily removed and the soap found ready for use.

WILBUR WHITE GIVES LIFE TO SAVE AVIATOR

Lieutenant Wilbur White, a son of Prof. W. W. White, who a number of years ago was connected with the Xenia Theological Seminary, sacrificed his life for a comrade aviator in France recently.

Lieutenant White was born in Xenia, and spent his early years here, before the family removed to New York, and the man who died nobly in a foreign land is remembered by many Xenians as a merry little lad.

Prof. White after leaving Xenia was engaged in Bible school work in New York city, and is now in Y. M. C. A. work in France. The press dispatch telling of the noble sacrifice of his life made by his son, is as follows:

(With the American Army north of west of Verdun)—Nov. 2.—Lieutenant Wilbur White, an American aviator from New York city, sacrificed his life to save an inexperienced flyer in his group. The novice was attacked by a German, and was unable to vanquish him with machine gun fire. White deliberately crashed his machine into the enemy plane, enabling the other American to escape. White leaves a widow and two children.

LIBRARY BOARD GIVES REPORT OF YEAR'S WORK

During the year closing October 1918, the Board of Governors of the Greene County Library held eleven regular meetings at which the usual business was transacted, and many new books have been added to our lists. Among the notable additions are: "The Library of Southern Literature," which is a work of sixteen volumes, and is a complete anthology of the literature, writers and history of the south, and the "History of Greene county."

The library received a very beautiful gift during the year, from Mrs. Emma C. King, consisting of thirty-four pictures of the great poets of the world. These have all been hung in the children's room and add greatly to the beauty and interest of the same.

The work of the Library association has been divided into the following departments, each member of the board being on some committee:

Magazine, war work, reading room, county work, basement room, room

committee, school requirements and children's work.

The county Library work has been carried on very successfully, but no new units have been added.

During the year, two new members, Mrs. Steele Poague and Mrs. Carl Babb have been added to the Board of Governors, and Mrs. P. H. Flynn and Mrs. Lawrence Shields have renewed their active memberships. It is with regret that we note the re-

moval from the city of Miss Elizabeth Ewing, who for many years was a charter member of the association, and who, through all these years has faithfully served the interests of the Library.

The most important new work of the library association has been the raising of funds and collecting of books for the war libraries. The sum of \$487.00 was raised in the first campaign and 1,634 books have been col-

lected and prepared for shipment by the librarians. These are all ready and about to be sent.

Respectfully submitted,
Isabel Whitmore Kelly,
Secretary Pro Tem.

Number of volumes in Library, October 1st, 1918, 17,578; number of volumes added during year, 782; 58 periodicals are regularly received from all sources; 46 subscribed for and 12 given; number of volumes issued for

Business Men of Xenia Appeal to You to Vote Against Ordinances 38 and 39

Articles have been appearing from night to night in this paper signed by a self-styled Citizens' Committee urging the voters to vote for Ordinances 38 and 39

It was stated in these articles that only a few business men would be affected by these ordinances but as a matter of fact all of the business men will be effected unless the City Commission only intends to enforce the ordinance against a few. This of course is unjust and unfair and is not to be expected from the Commission.

Hundreds of people drive to Xenia every day and especially on Saturday afternoon and hitch in and feed their horses at one of the various livery stables in the city. The Liveryman for lack of space runs the buggy out on the street. If the ordinance number 38 is adopted it will absolutely stop this and the result will be the driving of trade away from Xenia.

Why Should We Business Men Have to Suffer From Loss of Trade BECAUSE

Some Politician Wants to Get Even With Another by the Adoption of These Ordinances?

It was also stated that practically all of the business men of Xenia were in favor of the ordinances. This is not true. The following is a list of the men and firms who are opposed to the ordinances and who signed the petitions for their repeal, to-wit: Henry Fetz, H. C. Sohn, Charles Evans, John Fifer, Wm. Evans, O. M. Lees, I. Freidman, Edwin Buck and Son, Rufus Mullen, Mel Johnson, Ohmer Parker, New Manhattan Restaurant, H. L. Binder, J. L. Good, Frank Fisher, Fred Graham, T. H. Zell, Julius Jacobson, Henry Rich, Xenia Garage, Central Garage Co., R. E. Luce, H. E. Eavey, Wm. Kelble and hundreds of others.

These men believe they are competent to run their own business without the supervision of the City Commission.
